Property Description

The possibilities are limitless with this large 5.77-acre property! This gorgeous piece of land located in Cinco Ventanas, Ojochal is very private. The owner made a special point of keeping as much of the existing rain forest in place as possible. There are babbling creeks, amazing large growth trees, birds and wildlife and ocean views all over the property. There are four separate and private building sites already in place. The

property touches the public road so it can be used for commercial use. You can also build a home and small business or develop a beautiful small community. The first building site has its own private driveway, a small ocean view which can be opened up and it is surrounded by the beautiful rain forest. The other three building sites are tucked off a nearby private road which is gated and winds through the towering rainforest. The second building site has wonderful rainforest views where you can enjoy the sounds and sights of the creek below.
