Property Description

Located next to Route 160 at the entrance of the D section between Playa Guiones and Playa Peladas, this corner lot has excellent visibility. A section of the NCA-protected green zone is across the street on one side, and the well-known Selinas Hotel is on the other. Due to its elevated position, it also has a nice view of the jungle and a bit of ocean. It is just a quick drive to the sand at both beaches. For more information, please feel free to reach out!
